Were you forced into making a *promise, oath, pledge, or covenant related to maintaining “sexual purity”?*

or

Were you coerced into *rejecting aspects of your own sexual identity, expression, or attractions due to religion?*

At ***KASHA*** (Kelowna Atheists, Skeptics, and Humanists Association), **we believe that all humans have the right to enjoy consensual sex with partners of their own choosing.**

For this reason, it's our pleasure to offer this DE-BAPTISM service today, in the name of secular humanism, critical thinking, & freedom of sexual choice **for those over 16 years of age.**

WHY GET DE-BAPTIZED or Renounce Religion?

To reclaim sexuality rejected by religion.

Due to inhumane Biblical fundamentalist religious attitudes towards sexuality, the 2SLGBTQ+ community are often marginalized, penalized, and in some countries they are executed.

While religious fundamentalists unethically coerce children and youth into signing "purity pledges" and villifying non-heterosexual sex, Humanists embrace the notion that all humans should be free to have consensual sex with partners of their own choosing.

Renounce fundamentalist religious attitudes and reclaim sexual autonomy by participating in our DE-BAPTISM ceremony. ***MUST BE OVER 16 TO PARTICIPATE***

DeBaptismal Certificate

I, _____,

having been subjected to a Christian baptism before reaching an age of consent, or having submitted to baptism before embracing freethought and reason, hereby officially renounce the primitive rite of baptism and the Church that imposed it.

I categorically reject the creeds, dogmas, and superstitions of my former religion, particularly the pernicious doctrines of 'Original Sin' and damnation.

I further denounce as an affront and defamation to humanity the false and demeaning belief that any baby is born with 'Original Sin' and must be cleansed of it by baptism.

From this day forward, I invoke my right as an autonomous, free-thinking human to reject religious promises or covenants made under duress and embrace my right to enjoy consensual sex with partners of my own choosing.
